PIE program slated

Upland Parents Interested in Education (PIE) have arranged a program Saturday, May 22, to which they have invited State Assemblyman John Quimby, State Senator William Coombs and State Superintendent of Education Nelson Riles to speak.

According to Dr. Richard Godt, publicity chairman for the parent's organization, everyone in San Bernardino County interested in education is invited to attend to hear the three in what promises to be an "informative session" at Upland High School Auditorium at 7:30 p.m.

"We've made a pledge to find out why a tax override is necessary and what will be done with the money," Godt said of the PIE organization. "This is part of our pledge so the public can make a choice based on knowledge."

"The override is for two years only. We don't have to put it on us if the state comes across with money. Some people are counting on the area-wide property tax to help. We are going to ask if it will help us and when."

Godt said the group has gone to each school to talk with teachers and "let them know what we are doing. Our only aim is to get the override passed, then work with the school board in committees to get the best educational system we can in Upland."

"We're trying to get to the people who are most interested, the school parents. We truly think we'll get this thing (the override) passed."

Friends of the Library

The annual meeting and election of officers of the Friends of the Upland Library will take place May 27 at 6:30 p.m. at the Upland Woman's Clubhouse, 590 N. 2nd Ave., Upland. Ralph Strane, Chaffey College instructor, will give an illustrated talk on the Orient for the group.

Reports on the progress of the Friends organization will be given. Mrs. Glen Deal, current president, will preside.

Residents attend convention

Several residents left Sunday, May 16, to attend the First National Convention of the National Federation of Independent Business in Washington, D.C.

While in the nation's capital, they will talk with congressmen, senators, etc., on the situation regarding independent business in the U. S. today. The conference will cover labor laws, minimum wage, union conditions as affecting independent businesses, etc.

Among those attending are Mr. and Mrs. Ira L. Jameson, Cucamonga, NFIB representatives locally; Billy R. Morgan, Cucamonga; Mrs. Althea Correll, Upland Travel Bureau; Mr. and Mrs. Maurice Dho, Mt. Baldy (Woody's Market, Upland), and Mr. and Mrs. Ed Donahoo, Donahoo's Inc.

Soccer clinic

In cooperation with the Upland Recreation Department, the American Youth Soccer Organization (AYSO) will hold a soccer clinic, which will last through the summer. The clinic will be free of charge for participants.

Clinics will be held at Upland High School at 6:30 p.m., starting May 20 and every Thursday evening thereafter.

For further information, call Joe Beahm at 985-8531 or Fred Taunton, Director of Recreation, City of Upland, 982-1352, ext. 55.

Chamber meeting

The annual Spring meeting of the board of directors of the California Association of Chamber of Commerce Executives will take place beginning Friday, May 21, at the Uplander Motor Hotel.

The two-day session will convene at 1 p.m. with a rap session. Breaking at 5 p.m., the San Bernardino County Chamber of Commerce will host the cocktail hour which will be followed by dinner.

Reconvening Saturday at 9 a.m., the group will conduct its business, concluding after lunch.

Tony Malone, manager of the Upland Chamber, is assisting in arrangements for the meeting.

Former commissioner succumbs

Former San Bernardino County Supervisor and long-time Upland Planning Commissioner William R. Mason, 83, died May 8 at his home, 559 N. Euclid Ave., Upland.

Mr. Mason was a county supervisor from 1943 to 1958. He served for many years as a member of the Upland Planning Commission; was a member and chairman of the County Retirement Board; member and past president of the Upland Rotary Club; member of the Upland Library board; director of the Ontario Cemetery Association, the Citrus Pest Control Board and the Upland Chamber of Commerce.

Mr. Mason was also a member of the first Presbyterian Church of Upland, a former chairman of the board of trustees of the church and a trustee of the San Antonio Community Hospital.

A native of Morgansville, Kan., the retired citrus rancher came to Upland 53 years ago.

He is survived by his wife Edith of the home address; two sons, John H. Mason of Pomona and Roger I. Mason of Ontario; one daughter, Mrs. Phillip Juergens of Studio City; a brother, Howard N. Mason of Upland; six grandchildren, eight great-grandchildren, a niece and a nephew.

Funeral services were held Wednesday, May 12 at the First Presbyterian Church of Upland. The Rev. Robert Gillogly, pastor of the church and Dr. Rufus W. Oakey, former pastor now of Desert Hot Springs, officiated. Entombment was made in Bellevue Mausoleum.

Memorial gifts in his name may be made to the San Antonio Community Hospital Building Fund.

-UPLAND PLANNING COMMISSION: 7:30 p.m., Upland City Council Chambers.

Redevelopment for Upland?

The Upland City Council Monday night designated the Downtown Development Committee as the council committee to study and make recommendations on the redevelopment of downtown Upland.

Jim Oliver, spokesman for the development group, said his committee had been meeting for the past month in discussion of the urban renewal of the city's central core. He defined downtown Upland as that area which lays between A Street on the south, Arrow on the north, Euclid Avenue on the west, to Fourth Street on the east.

Oliver said a temporary project plan must be presented to HUD (Department of Housing and Urban Development) to qualify for a HUD grant and that a "month or two" should be spent

determining what is wanted and how the council feels about the suggestions. "I hope (downtown) we've talked to have been very interested," he said. He said from initial study to completion he felt the re-development could take up to 10 years.

Elwin Alder, city manager, outlined the basic steps needed to qualify for a HUD grant and indicated that if proceedings were begun immediately for one, it would "be a year before you would get a green light."

Members of the committee, in addition to Oliver, are John Meyer, Paul Hotel and Dwight Burt.

The Council set the second meeting in June for a public hearing on precise plan 10 for an additional roadway between 14th Street and Foothill Blvd. and between Campus Avenue and the West Cucamonga Flood control channel.

Alder told the Council the planning commission had held a public hearing and had confirmed the use of Campus Avenue as the major alternate as designated on the master plan, and had so recommended to the council.

Councilman John McCarthy explained the ad hoc committee on truck traffic had met May 12. The committee is comprised of residents on Euclid Avenue, Campus Avenue, in the Foothill Knolls residential areas, and representatives of the rock firms in the city.

He said the committee recommended the construction of the Foothill Freeway be "diligently pursued and should include an off ramp in the Benson Avenue area for truck traffic."

McCarthy also said the committee "approved the concept of the development of Campus Avenue north of Foothill into a secondary highway," and that they discussed the long-range program of turning Campus into a four-lane highway and "not a truck route per se."

The councilman said some members did object to the widening of the street and were concerned about the children in the Los Olivos area of Campus.

Among other actions the council:

--Expressed regret over the possible cancellation of operation of the O-U (Ontario-Upland) bus line. They were told a sale of the line was possible.

--Authorized signing the consultant agreement for TOPICS (Traffic Operations Program to Increase Capacity and Safety) study.

--Requested by resolution that

the Board of Supervisors install a four-way stop sign at the intersection of Grove Avenue and 9th Street.

--Resolved they would oppose a pump tax (on water wells) and so inform state legislators and, additionally, agreed to hire as counsel Adolph Moskowitz to explore the problem posed by a possible pump tax and advise and represent the city at state proceedings regarding such a tax.

On stage

Working on the part of the auditorium which will comprise the stage in their new Upland Playhouse, at the corner of First and 9th St., William Farewell and Wally Hindle, Upland insurance men and theater fans, rush to complete the interior prior to the opening in early July. The pair are doing the work themselves and are partners both in their Upland insurance firm and in their new business.

Theater-in-the-round slates July opening

Casting will begin in June with production tentatively slated July 10 for "The Odd Couple," the first production of the new theater-in-the-round currently being constructed in Upland.

To be located in the old court building, 201 S. 1st Street, the enthusiastic plans by the two partners, Wally Hindle and William Farewell, include an auxiliary drama school in the building, patterned on the Pasadena Playhouse.

The pair are also partners in the Wallace Hindle Insurance Agency, 1031 W. Foothill Blvd., Upland.

Although they have appeared in plays before, this is the first stab at producing for the two men who have taken a month off from their business to prepare the playhouse building which has housed a mortuary, church, justice court and teen center during its more than half-century existence. The last few years the structure, located across the street from the Upland Inn, has remained vacant.

Hindle thinks the area needs another theater despite the fact there is already one in Upland (The Gallery on Foothill Boulevard) and the Valley Community Theater in Pomona. A devotee of the theater, he bewails the fact that now theater buffs must wait several weeks between plays. He foresees cooperation between theaters and drama groups so schedules won't collide and there will be plenty of presentations available.

"We chose the theater-in-the-

round concept because actors enjoy working there," Hindle said. He hopes to present plays "the whole family can enjoy." This was strongly backed by his partner Farewell who said this was an idea to which they were "dedicated." "Come out and bring the children. You won't need a babysitter," he said.

They will begin accepting inquiries and setting interviews for the drama school soon. They plan to use the local talent they hope will be attending the school in the casts of the plays, much as they do in Pasadena. Along with the drama school, they plan voice and diction classes and dancing instruction.

"We'll have several offices in the building for rent," Hindle said. "We are going to try to keep them in the theatrical line," in order to maintain the building as a drama center.

"We think this will be a good thing for the young people locally," Hindle said, explaining one thing he particularly would like to see was the return of "amateur night." This would showcase the talents of local young people and allow them an opportunity to perform. Prizes would be awarded for the winners.

"They're fun," Hindle said, "and parents usually turn out to see their kids."

Meanwhile, the sound of hammer and saw rings out again in the old building, risers are constructed, seats painted and redecoration continues to provide a new cultural outlet in Upland beginning this summer.

Early Upland News to be microfilmed

Funds needed

Upland Host Lions proved their interest in history recently when they presented a \$100 check to Mrs. Louise Franke, Upland City Librarian, to use for microfilming the oldest issues of the Upland News.

The issues, prior to 1920, were found in the old Upland Library when the move was being made to the new edifice, according to Mrs. Franke. Unbound, the issues were wrapped in paper and are "so crumbly we've refused to let anyone use them," Mrs. Franke said.

If placed on microfilm, the issues would be available to those researching Upland history. Mrs. Franke estimates the cost of filming all the old weeklies prior to 1920 would be about \$1200.

During National Library Week, Mrs. Franke wrote letters to local men's service clubs outlining the project. Upland Host Lions was the first to volunteer a donation to initiate the fund drive.

"This should be a project for the people who live in Upland," Mrs. Franke said, noting that the Upland News of that era provides the major history of the early community.

"Any donation from \$1 up" would be acceptable, Mrs. Franke said. Donations may be brought or sent to the Upland City Library, 450 N. Euclid, Upland.

To preserve history

Francis E. Wilson, right, secretary-treasurer of the Upland Host Lions Club, presents a \$100 check to Mrs. Louise Franke, Upland City Librarian, to be used to microfilm crumbling issues of the Upland News printed before 1920. Looking on approvingly is Edward J. Sanford, early-day banker in the Ontario-Upland area.

Big Creek trip

If you haven't been fortunate enough to go on the Southern California Edison Company's Big Creek trip, then see if you can wangle yourself an invitation. It's worth every minute of your time.

The trip is three days long and I was fortunate enough to be invited by Randy Bond, SCE Upland manager, and Morris Horsley, SCE Ontario district manager.

This was a women's executive trip with 16 women attending from cities in the Pomona and San Gabriel valleys. Isabel Whitney was the other Upland traveler. Others from the area were Lela Hathaway, treasurer, San Dimas; Ruth Hogan, city clerk, La Verne; Opal Lewis, civic leader, La Verne; and Geraldine Peck, treasurer, La Verne.

A former Coloradan, I was delighted to see mountains above 5,000 feet. Although I must admit, altitude does slow you down (I'm sure it was that, I'm really not out of condition).

To begin the trip, we boarded a chartered Greyhound bus in Pomona for the first lap to Fresno. The day was the usual murky California May day. The driver said we would soon see the sun and we did, at Castaic Junction. From then until we returned to Los Angeles on Sunday, we had b-l-u-e skies and sun.

The earthquake damage to the freeways in the Sylmar area is extensive. It looked like some giant child had thrown them

down in a fit of temper. Concrete and steel were littered into masses of nothing.

Above Castaic Junction, it is apparent that California is still in the agricultural business. There were farms and farmlands stretching for endless miles, broken only by irrigation ditches and windmills. It was all reminiscent of the mid-western towns of movie sets.

It was hot in Fresno and we enjoyed lunch in a cool restaurant. Our hosts, Gordon Youde, Jack Wyatt, Reedy Mares, and Mr. and Mrs. V. F. Martens (he is district manager for the Pomona office); and Mr. and Mrs. D. F. Stavert (he is district manager of the Montebello office); introduced us to the three SCE "Carry-alls" and they do just that. They carry people, luggage and assorted items accumulated along the trip.

The drive to the guest house at Big Creek is the usual mountain winding one, but the smell of pines and the quiet singing of birds make up for this. We stopped at Shaver Lake to see the all electric campsite. It's camping at its electric best. You can even plug in your electric blanket. A rest period followed after we reached the guest house. The food throughout the whole trip was delicious. At the guest house, the best cooks fed us royally.

Saturday was spent seeing the Big Creek project, which is called "The Hardest Working Water in the World." The back country melting snow of

the Sierras is brought down from elevations of 7,642 to 5,000 feet in a series of man-made maneuvers. It goes through metal aqueducts into computerized power houses and then to transmission lines. The fringe benefits of this operation include prevention of floods, water saved for irrigation and recreation purposes.

There are 15 major dams and ten major tunnels involved in the operation. Big Creek is larger in scope than the Panama Canal and was considered an impossibility to build. The operation produces enough electricity to run a city of a million people.

Besides the power houses maintained by the company, there are fish hatchery and forest operations. It was not the intention of the company to enter these fields, but they could not neglect the lakes, streams and forests and maintain any ecological balance.

One thing that is impressive, besides the enormity of the operation, is the dedication and information of the employees. Our hats off to Howie Weeks, who operates Shaver Lake campgrounds; to Norm Alstot, a marine biologist who maintains the hatchery; to Bill Wingo, a botanist, who raises the trees for the forests; and to Bud Chaffin, who is superintendent of the whole Big Creek operation.

Probably the highlight of the trip for me was the return trip through the back country. The scenery was awe inspiring. You would have to see it to believe it even existed.

I had forgotten how mountains give you that "in touch with yourself" feeling. You haven't lived until you search your soul in a quiet mountain valley, blooming with wildflowers, near a stream with only the birds' songs to accompany your thoughts.

Swedish visitors

UPLAND -- Mr. and Mrs. Fred Carlson of Upland are happily playing host this month to Mrs. Celia Gustavsson and her daughter, Inger, of Orebro, Sweden.

Mrs. Gustavsson is the sister of Mr. Carlson. Carlson and Mrs. Gustavsson are natives of Sweden. However, both have lived in the United States having come to live with an aunt in Los Angeles when both were teenagers. Mrs. Gustavsson later returned to Sweden where she was subsequently married.

Carlson stayed in the U.S. He and his wife went to Sweden on their honeymoon just before World War II broke out and, due to his citizenship, were not allowed by Sweden to

return to the United States until eight years later. Mrs. Carlson said they left the day their niece Inger was born and Mrs. Carlson has seen neither Inger nor her mother since then. Carlson returned to Sweden during the intervening years and brought his mother to the U.S. for a visit.

Mrs. Gustavsson and her daughter have visited the ocean, desert and mountains while on their stay locally. They toured Disneyland, Knott's Berry Farm and the zoo in San Diego.

Mrs. Carlson noted they are frequent shoppers in downtown Upland and profess to like it very much.

They return to Sweden May 25.

Saddlemates

Upland Junior Woman's Club has made constant donations to the community during the club's four-year history. Continuing the tradition, two "saddlemates" were installed recently at Olive Dale Park. The saddlemates are spring-mounted riding equipment. Giving the donkey and porpoise a try are Cindy Lowrance, front, and Cheryl McLaughlin. Standing by are their mothers, Mrs. William Lowrance and Mrs. Robert McLaughlin. The two women, along with Mrs. Roy Taylor, were on the committee to obtain the equipment.

May flowers

The Cucamonga-Alta Loma Woman's Club installed its new board at the May luncheon Wednesday, May 12, at Sweeten Hall, Cucamonga. Guiding the club next year will be Miss Ruth Milliken, standing rear, first vice president; and the Misses, Henry Lucas, third vice president; A. L. Lewis, president; and Robert Ault Sr., second vice president.

Future member?

Randy Apodaca holds a paper flower and smiles her pleasure as her mother, Mrs. Ray Apodaca, watches the recent fashion show held at the Girl's Club of Cucamonga. The event, held annually, shows off the clothes the girls make themselves at the Assistance League Clubhouse in Cucamonga.

Gambit

By Bobbe Monk

DID YOU attend the West End Opera "Evening in Old Vienna?" Beautifully executed. The Harvey Doody home and gardens in Upland were prepared to perfection with the garage door painted by artist, Mrs. Earl B. Gardner and collonades and opera flats providing atmospheric backgrounds. Tables were full and the food was good and the West End Opera Guild should rate several "Bravos!" for the original evening. Rain prayers worked well, there wasn't any, but it was a trifle cold. Still didn't dampen the evening for party-goers.

DEE CARPENTER is home from her short stay in the San Antonio Community Hospital. The city clerk for Upland will probably be absent from her post for another three weeks with Billie Fallis standing-in for her. Dee's main gripe last week seemed to be missing out on a trip to Catalina with husband Frank and their daughter on the family boat.

HOW ABOUT the new drama theater and potential school planned for Upland this summer. The partners Wally Hindle and William Farewell were found busy behind saw and hammer Saturday a.m. putting heart, soul, muscle and money into their project. From me to you, good luck!

BILL RITCHIE has taken over for Dave Hofer at the reigns of the Concerned Citizens of Alta Loma. A change in Hofer's job with the S.B. Sheriff's Department necessitated his resigning his post, but not his interest.

ANYONE HAVE a key as to what "Blood stone" means? It's popping up on curbs and concrete in the Alta Loma area. Perhaps a new rock group?

WEST END Boys Club branches will be open from 10 a.m. to 5 p.m. daily according to Joe Parker, executive director. He also said that Upland-Cucamonga District residents may see boys selling candy this summer to help pay their way to the Pathfinder Ranch, owned by the Boys Club, in Palm Springs. There the boys have an opportunity to participate in horseback riding, rodeos, marksmanship, archery, hiking, fishing, swimming, arts and crafts and do "chores". About 80 boys locally will attend in two groups, each staying for eight days. Sounds great!

ALL YOU KIWANIS AND KIWANIANNES don't forget, Red Hill is out and Indian Hill is in. Tonight's gala for Governor Mark Alexander's official visit to Division 15. Enough room to accommodate all Kiwanians who wanted to attend necessitated the change.

ALHS music department slates Spring Concert

ALTA LOMA-The instrumental music department of Alta Loma High School will present the eighth annual Spring Concert Friday, May 21, at 8 p.m.

The Symphonic Band will play the "William Byrd Suite" and "Valdres," a Norwegian march. A specialty in the performance by the band will be "Statement," a recent composition by Brent Heisinger.

Heisinger was commissioned in 1970 to write the piece by the California Band Directors Association. It was performed by the State High School Honor Band at Bakersfield in February, 1971. The ALHS band will be the first high school band in the state to present this composition in concert.

The Concert Band will present the "Walt Disney Overture" and "Rock Artistry in Blue" among other selections.

The Symphonic Marching and State Bands recently completed a four-

day tour which took them to Indio, Palm Desert, El Centro, Holtville, National City and San Diego. Band members also have accorded much participation in Solo and Ensemble Festivals as well as state, county and district honor bands.

The final event of the 70-71 season will be the Band's Awards Banquet to be held on June 4.

She is the daughter of Mr. and Mrs. Raymond E. Whyborn also of San Antonio. She attended Baldy View Elementary School, here prior to moving to Texas.

She has performed with the San Antonio Youth Symphony Orchestra where she was first chair flute last season. She is

Janey Rae Whyborn also a member of Beta Club, a national honor society.

Officers elected

ALTA LOMA-The Caronian School PTA officers for the coming year were installed at a recent meeting by Mrs. Phillip Savage, president of Foothill Council PTA.

Serving this year are the Alms, William Knutzel, president; Fred Macias, vice president; Dale Morrison, second vice president; Frank Gambetty, secretary; James Hayden, treasurer; Stanley Peterson, historian; James Russell, parliamentarian. Auditor is Robert Zamin.

Foothill PTA

UPLAND - Members of Foothill Council PTA, had an opportunity recently to approve the summer movie, scheduled to be shown local school children this summer.

Gene Harvey, manager of the Grove Theater, Upland, addressed the group at the April meeting. Alta Loma Elementary school hosted the informative talk.

Harvey presented some of the problems involved in this endeavor and invited questions from the floor. He explained the difficulty in obtaining movies suitable for children.

He added that some of the most requested films are withdrawn from issue after showings in the Los Angeles area. An unsuccessful box office there often prevents the movie from being shown in outlying areas, he said.

Movie chairman from PTA units heard the tentative schedule to be shown two afternoons a week during July and August. The subscriptions will be available at the schools next month. Tickets are sold under the auspices of Foothill Council PTA.

Mrs. Phillip Savage, Foothill president, accepted the resignation of Mrs. Douglas Blackie of Upland. Mrs. Blackie served as auditor.

The final meeting of the year will be a salad luncheon to be held May 27 at 1:30 a.m. at the Upland Cascade Mobile Park clubhouse. Swimming will follow.

ALHS activities

ALTA LOMA-The Alta High School activities schedule has been filled recently with the third annual Pep Club Sports Breakfast, the American Field Service car wash and a concert by the school's chamber singers.

The car wash, held at a gas station in Upland, helped raise money for the ALHS foreign exchange program.

On Saturday and Sunday, May 22 and 23 they will perform in Porterville.

CLUB DOINGS

Upland Juniors

UPLAND-Husbands of the Upland Junior Women's Club were on hand when the group met recently at Griswold's in the Sierra Room for installation.

Mrs. Frank Gant was installed president of the club by Mrs. Leigh Hunt, Upland Women's Club president. Also installed were Mmes. James Martens, second vice president; Roy Taylor, secretary and treasurer; Gene Pulcheon, publicity chairman and B. G. Yahne, coordinator.

Mrs. Frank Gant

Mrs. Roy Taylor presented a check of \$60 to the Upland Women's Club, for repairs to their club house, in recognition of their support to the junior's organization during the past year.

This past year Upland Juniors have worked on many philanthropic projects. Members have donated toys for Santa Claus, Inc., and helped repair them; assisted with the Rubella shots; donated \$50 for reseeding what damage was done by the fire; planted one-half acre of pines in the Lytle Creek Area through the National Forest Conservation program; contributed glassware to earthquake victims and donated sports equipment to the Boys Club.

The Junior's spent many hours collecting bottles for Muscular Dystrophy; collecting Betty Crocker coupons toward the purchase of a kidney machine and sending paperback books to the Merchant Marine floating library. Members worked at operation cheer, sending packages to servicemen; made potted plants for the patients at Platt Nursing Home and donated money to the March of Dimes and Patton Hospital.

The club is open to all women between the ages of 18 and 35. Anyone interested in learning more about the Junior Women's Club functions are invited to call Mrs. Gant 985-1597 or Mrs. James Martens 982-6946.

Savings and Loans finance over half the homes in this country

by Lewis S. Eaton, Vice President
United States Savings and Loan League

We've been committed to helping American families buy homes for over a hundred years.

Take the last three years, for example. Three years when money was tight. Three years when mortgage money seemed to be drying up.

1967: Savings and Loan Associations supplied 56% of the total mortgage loans made, providing 17.8 billion dollars.

1968: Savings and Loan Associations supplied 58% of the annual total, providing 19 billion dollars.

1969: Savings and Loan Associations made 59% of the total, providing 18.9 billion dollars for home mortgages.

And our commitment will be honored this year, too, by providing over half the home mortgage money.

We're facing the future with confidence. We have good reason.

The Savings and Loan industry has currently invested over 150 billion dollars in residential home mortgages.

And we did it by encouraging thrift. By employing the savings of our 45 million depositors—investing and re-investing in home mortgages.

Over the years, in fact, more than 90% of Savings and Loan investments have been in loans on residential properties.

When it comes to home financing, Savings and Loan Associations will continue their leadership.

Because—we're committed to it.

We might ask, "Where would our housing supply be if there were no Savings and Loan Associations?"

Dr. Leakey will speak

Dr. L. S. B. Leakey, world-famous archaeologist and anthropologist, will speak on the UCR campus, Tuesday, May 25. His talk will be co-sponsored by University of California Extension, Riverside and the World Affairs Council of Inland Southern California.

Dr. Leakey became convinced during his student days that Africa, not Asia, was the cradle of mankind and has spent most of his life searching the continent of Africa for fossil evidence of early man. His archaeological discoveries have filled in enormous gaps in the panorama of human evolution and led to the rewriting of dozens of textbooks on evolution.

Dr. Leakey, who maintains a vigorous writing and lecture schedule, is

coming from Nairobi to give a limited number of talks in California. Dr. Leakey's earlier lecture, scheduled for March 1, was canceled when he was attacked by bees while vacationing on the coast of the Indian Ocean.

The subject of Dr. Leakey's slide-lecture will be "The Latest Evidence on the Antiquity of Man." The program will begin at 8 p.m., May 25, in the Gymnasium on the UCR campus.

Admission for the program is \$2 students, \$3 general. Tickets may be obtained by sending a stamped self-addressed envelope with a check or money order to University of California Extension, Riverside 92502. Tickets are also available from World Affairs Council of Inland Southern California in the UCR Administration Building and at the UCR Commons Ticket Office.

Gayla Sue Linzay, right, daughter of Mr. and Mrs. Robert Linzay, 7145 Beryl, Alta Loma, was recently honored as a candidate for Campus Queen at California Baptist College, Riverside. Cotton candy, balloons, popcorn, a carousel, and a tiger provided authentic circus atmosphere for the campus Coronation held in honor of student royalty. Miss Linzay, a 1968 graduate of Alta Loma High School, has been active at Cal Baptist as cheerleader, sophomore Lady-in-waiting, yearbook copy editor, and Student California Teacher Association member. She was recently awarded a Master Key certificate as a campus leader. Shown with Miss Linzay are Linda Adams, left, Torrance, Queen candidate, and Pam Alexander (center), Ukiah, Sophomore Class Favorite.

Cal Poly, winner of six consecutive Rose Parade float awards, will bid for a seventh in the 83rd annual Pasadena festival, January 1, 1972.

The colleges at Pomona and San Luis Obispo recently accepted an invitation to enter the parade from Tournament of Roses President Virgil J. White.

The theme of the upcoming event, which will feature 60 floats, 21 bands and 180 equestrians, is "The Joy of Music."

Cal Poly has been a participant since 1949, winning prizes 18 of the 23 years. In the previous six festivals, judges have awarded the colleges three Princess prizes (best display of animation), two Judges' Special certificates (best display of humor) and a Mayor's banner (best display of originality). Poly has also captured two theme prizes, 10 first places in the educational classification and was the lead float in the 1971 procession.

Dave Weldon, a senior electronics major on the Pomona campus, is the current Rose Float project chairman.

Ganesha cross-country-- 'tough, competitive sport'

BY JIM MCFADDEN

Contrary to what some people say, cross-country is a tough and highly competitive sport. A cross-country course is two miles in length, and is composed of hills, flat terrain, dusty back wood trails, and steep sloped switch-backs. Unlike most other sports, cross-country winners are the low-scorers.

The Ganesha cross-country team competes against seven other high schools: Bonita, Claremont, Chino, Garey, Montclair, Pomona and Upland.

The Ganesha High cross-country team included: Randy Beattie, Martin DeLeon, Larry Harter, Gary Harter, Ray Hoyle, Jim McFadden, Victor Ochoa, Carlos Segura, Scot Shifter, Randy Turner, Mike Turner, Carl Turner and Chris Veldman.

This year the varsity team broke the teamtime record twice. This record is a combined time of the first five runners to finish for your team. Both times it was set by the same five runners: L. Harter, G. Harter, Hoyle, McFadden and R. Turner. The records now stands at 53:37.

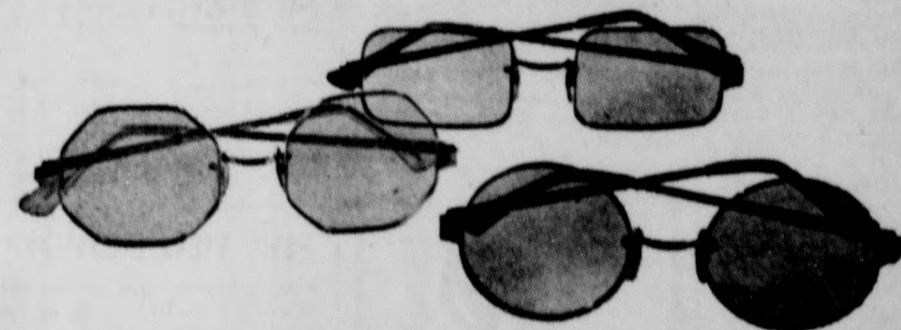

Although the team as a whole did not do extremely well, there is still a fight-

ing spirit among those who will run for Ganesha High next fall. R. Turner, one of next year's captains says: "Next year's cross-country team will be the best Ganesha has ever had."

When asked why, he modestly replied: "Because of the new sophomores we will have next year."

The coach of the cross-country team, Bud Peterson, now recovering from recent surgery, is looking forward to a winning season next fall.

Humor to tailgate by

The bumper sticker--a sign of the times!

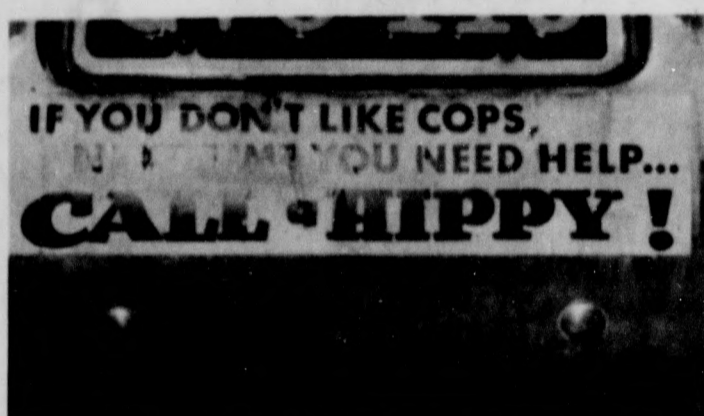

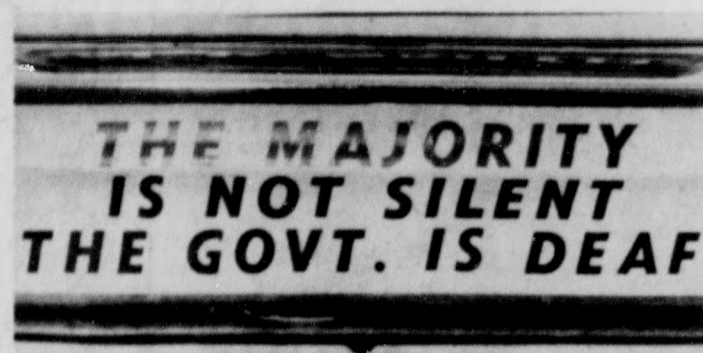

Bumper stickers are usually associated with elections! Not so in this 'off election year'. Bumper stickers have come into being all on their own in these modern times.

Some bumper stickers give what the owner hopes is a serious message, others are for pure humor and pleasure. But all just might give you an insight into the private thoughts of that guy in front of you.

The bumper sticker craze is not limited to any one segment or age group in society, but seems to be an adequate way of quietly expressing oneself in this very vocal land of free speech.

The following bumper stickers were seen 'round town, see if you can tell which ones were on vehicles at the Civic Center, shopping centers or were on cars parked at the high school.

In case you didn't notice, one of the 'stickers' pictured here was intended to give a message and can be seen on a certain editor's car in the parking lot or all around town!
